2024 Full Year Highlights

(As at 31 December 2024, unless otherwise specified)

Performance

- All four primary strategies have outperformed their respective benchmarks on a 3-year, 5-year, and 10-year basis
- Top quintile 5-year alpha and Sharpe ratio for the four primary strategies
- 12 funds carry a Morningstar Gold or Silver Medal rating

Distribution

- Top 10 actively managed US mutual fund family as ranked by net flows
- AUS Global Equity net fund flows were first relative to peers in its Morningstar category
- UCITS complex surpassed \$8 billion in FUM, increasing 35% since 31 December 2023

Team

- 236 total headcount
- Continued investment in client facing activities, new markets, and infrastructure

Strategic

- Closed on initial US\$93 million funding of PCS Master Fund (Fund), enabling the Fund to repay the loan and deconsolidate from GQG
 - Three portfolio companies acquired in the PAC transaction all continue to perform well
- Renamed our Quality Dividend Income strategies to Quality Value to more clearly convey the value nature of the strategies

As at 31 December 2024. Represents composite performance for GQG Partners' primary investment strategies calculated in US dollars. Returns are presented net of management fees and include the reinvestment of all income. Net performance is calculated after the deduction of actual trading expenses and other administrative fees (custody, legal, administration, audit and organisation fees). Net of fee returns also are calculated by deducting GQG's stated annual fee for separately managed accounts, pro-rated on a quarterly basis. Net performance is net of applicable foreign withholding taxes. Performance for periods prior to 1 June 2016 was achieved prior to the creation of the firm. Returns for periods greater than one year are annualised. Full Composite track record in all instances predates the inception of the firm. Full Composite performance is available on request. Benchmarks correspond to the benchmarks GQG has used for each strategy since inception which are published in documentation for funds using the strategy. Commentary

- **The PCS Master Fund was deconsolidated effective 19 December 2024.** The Consolidated Statement of Operations for the year ended 31 December 2024 includes PCS Master Fund legal fees associated with fund formation and interest expense related to the term loan, which was fully offset by gains and other investment income from its investment portfolio and the gain on deconsolidation, resulting in a net zero impact to Net income for the year ended 31 December 2024.
- **Net revenue** was \$760.4 million, an increase of 46.9% compared to the twelve months ended 31 December 2023. Net management fees increase was primarily driven by growth in average FUM[†] from \$101.9 billion to \$148.2 billion, or 45.4% and an increase in the average management fee rate from 48.8 basis points to 49.6 basis points year over year. The increase in average management fee rate is primarily due to a shift in distribution channel and strategy mix. Performance fees increased \$4.9 million driven by strong relative investment returns.
- **Operating expenses** increased \$49.3 million, primarily due to higher compensation, general and administrative, and third-party distribution costs:

Variance Analysis

- **Compensation and benefits** increased \$26.4 million or 35.4%, primarily driven by an increase in average team members from 170 to 212, or 24.7%, year over year, sales commissions, and long-term incentive compensation. Employees were added across the organization to support the growth of the business. Sales commissions increased primarily driven by an increase in gross and net sales.
- **Third-party distribution, servicing and related fees** increased \$12.3 million or 66.8% driven by growth in US mutual fund and UCITS FUM through third-party intermediaries and the associated fees.
- **General and administrative** increased \$10.9 million or 32.3%, primarily due to \$2.2 million of one-time legal fees associated with organizational costs of the deconsolidated PCS Master Fund, an increase in professional and consulting fees related to audit, tax, and legal fees associated with organizational costs of PCS LLC and other projects, higher middle-office fees driven by a 45.4% growth in average FUM, increased travel activity, and an increase in other general business expenses.
- **Information technology and services** decreased \$0.4 million or 5.5% primarily due to lower data provider fees from a new soft dollar program.
- **Non-operating income** increased \$6.5 million primarily driven by gains and dividend income related to the PCS Master Fund boutique investments, interest income on cash balances, and sublease rental income, partially offset by interest expense related to the term loan used to acquire the PCS Master Fund boutique investments, an unrealized foreign exchange revaluation loss, and lower returns on investments in GQG Managed Funds.
- **Provision for income taxes** increased 49.1% driven by a 51.7% increase in income before provision for income taxes, partially offset by a decrease in the effective tax rate from 27.0% to 26.5% due to changes in state and local taxes.

Commentary

- The PCS Master Fund was consolidated with GQG Inc. for the period from 17 May 2024 to 19 December 2024, in accordance with US Generally Accepted Accounting Principles (GAAP), ASC 810 Consolidations.
- Effective 19 December 2024, the PCS Master Fund was deconsolidated as GQG Inc. was no longer deemed to have a controlling financial interest in the PCS Master Fund due to the payoff of the HSBC Term Loan.
- For the year ending 31 December 2024, the PCS Master Fund activity is included within the Consolidated Statements of Operations, with no impact to Net income.
- The pro forma Statement of Operations reflects the results of operations of GQG Partners Inc. excluding the impact of the required US GAAP accounting surrounding the consolidation and deconsolidation of the PCS Master Fund. The impact is a one-time event and not part of GQG Partners Inc. ongoing operations.
- **PCS Master Fund Statement of Operations Highlights**
 - **General and administrative** expenses are primarily related to legal fees associated with fund formation.
 - **Net investment gains on investments in funds** reflects the realized gain attributable to the increase in value of the PCS Master Fund boutique investments at deconsolidation.
 - **Interest and dividend income** is related to the dividend income from the PCS Master Fund boutique investments.
 - **Other income (expense)** reflects the applicable interest expense related to the Term Loan of \$93.8 million which was fully paid on 19 December 2024 and includes the gain on deconsolidation of PCS Master Fund, resulting in a net zero impact to Net income attributable to GQG Partners Inc. for the year ended 31 December 2024.

AS AT 31 DECEMBER 2024

Commentary

- GQG continues to have a strong balance sheet, with total assets as of 31 December 2024 of \$463.9 million.

Balance Sheet Highlights

- **Cash** continues to be primarily used for working capital and dividends. GQG paid \$370.2 million in dividends to investors and dividend equivalents to holders of certain restricted stock units during the year.
- **Due from related parties** represents employee loans to PCS LLC management issued in December 2024 recorded at fair value of \$11.1 million and reimbursements receivable from PCS Master Fund of \$4.0 million.
- **Prepaid expenses and other** assets increased primarily due to a \$3.9 million prepaid employee benefit related to the off-market component of the employee loans to PCS LLC management. This amount will be amortized to compensation expense over the expected holding period of the loan. The increase year over year includes \$1.5 million in taxes recoverable.
- **Property and equipment** represents computer equipment, office furniture and leasehold improvements in connection with GQG's leased spaces. The \$3.7 million increase from 31 December 2023 is primarily associated with leasehold improvements for our Abu Dhabi (UAE) and Fort Lauderdale, Florida offices and purchase of computer equipment.
- **Investment in funds, at fair value** represents investments in GQG Managed Funds associated with GQG's Investment Alignment Plans designed to provide eligible employees with economic exposure to GQG strategies, resulting in alignment between GQG's employees and clients. The \$2.4 million increase in Investment in funds is primarily the result of strong investment performance and an additional \$0.7 million purchase from dividend and capital gains reinvestment. There were no redemptions during the year.
- **Compensation accrual and benefits** is primarily comprised of the accrued sales commission compensation and deferred cash incentive programs. The \$6.4 million increase from 31 December 2023 is primarily attributable to an increase in the sales compensation accrual driven by higher gross and net sales.
- **Accounts payable and other accrued liabilities** are generally associated with ongoing operating expenses, primarily related to accrued legal, consulting, audit, third-party distribution, middle-office fees and income taxes. The change year over year includes \$2.6 million decrease in taxes payable.

Commentary

- The primary use of GQG's cash continues to be working capital and dividends. Dividends are based upon distributable earnings calculated as Net Income After Tax plus the cash tax saving resulting from the amortization of the goodwill deferred tax asset. Effective for all dividends declared after 30 June 2024, the calculation for distributable earnings has been adjusted to exclude unrealized investment and foreign currency gains and losses as disclosed in GQG's updated dividend policy released on 15 August 2024.
- The following dividends were paid during 2024, representing 90% of that period's distributable earnings:
 - o \$76.8 million in Q1 2024 earned in Q4 2023
 - o \$90.4 million in Q2 2024 earned in Q1 2024
 - o \$98.9 million in Q3 2024 earned in Q2 2024
 - o \$102.8 million in Q4 2024 earned in Q3 2024
- In addition, a net dividend equivalent payment of \$1.3 million was made in 2024 to RSU holders.
- Board declares 4th quarter 2024 final dividend of US\$0.0378 per share, a 90% payout ratio of distributable earnings.

Anticipated Drivers of Fund Flows

- Sustained growth in wholesale channel globally
- Continued growth of large sub-advisory relationships
- Increased platform availability
- Growing retail SMA opportunities

As at 31 December 2024. † Funds under management (FUM) represent both discretionary and non-discretionary funds, as well as funds under management that are both fee paying and non-fee paying and are rounded to the nearest US \$100 million. All FUM are managed or advised by GQG Partners LLC, a wholly owned subsidiary of GQG Partners Inc., a Delaware corporation that is listed on the Australian Securities Exchange. Amounts have not been audited. 2023 and 2024 net flows for funds where the data is available and known do not include non-reinvested capital gains and dividend distributions. Net flow information may differ from net flow information reported in previous periods, due to factors such as estimates being finalised and treatment of non-reinvested distributions. Certain totals may not foot due to rounding conventions used on individual line items. Quality Value Funds

The “cheapest” companies within our Quality universe, as measured by traditional valuation multiples (P/E, P/B, Dividend Yield), have consistently fallen within the value style of investing.

Compared to the traditional value-style universe, Quality Value focuses on Forward-Looking Quality. We believe this results in the avoidance of “mean reversion” and “sum-of-parts” value companies.

Any account or fund advised by GQG involves significant risks and is appropriate only for those persons who can bear the economic risk of the complete loss of their investment. There is no assurance that any account or fund will achieve its investment objectives. Accounts and funds are subject to price volatility and the value of a portfolio will change as the prices of investments go up or down. Before investing in a strategy, you should consider the risks of the strategy as well as whether the strategy is appropriate based upon your investment objectives and risk tolerance.

There may be additional risks associated with international and emerging markets investing involving foreign, economic, political, monetary, and/or legal factors. International investing is not for everyone. You can lose money by investing in securities.

Unless otherwise indicated, the performance information shown is unaudited, pre-tax, net of applicable management, performance and other fees and expenses, presumes reinvestment of earnings and excludes any investor-specific charges. All past performance results must be considered with their accompanying footnotes and other disclosures.

Past performance may not be indicative of future results. Performance may vary substantially from year to year or even from month to month. The value of investments can go down as well as up. Future performance may be lower or higher than the performance presented, and may include the possibility of loss of principal. It should not be assumed that recommendations made in the future will be profitable or will equal the performance of securities listed herein.

Actual returns will be reduced by the advisory fees and any other expenses that may be incurred in the management of any investment advisory account or fund. Fees may be modified or waived for certain investors. Please refer to Part 2A of GQG's Form ADV for a complete description of GQG's customary investment advisory fees. Refer to the offering memorandum or prospectus of a fund advised by GQG for a description of fees and expenses associated with it. An investor's actual performance and actual fees may differ from the performance information shown due to, among other factors, capital contributions and withdrawals/redemptions, different fund share classes and eligibility to participate in "new issues." Certain investment strategies and fund share classes may be closed, including any share class from which performance shown has been derived.

GQG Partners LLC claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this performance information in compliance with the GIPS standards. GIPS composite reports may be obtained by emailing clientservices@gqg.com.

Performance data is based on the firm's composites for each strategy. The composites were created in June 2016. Performance presented prior to June 1, 2016 was achieved prior to the creation of the firm. The prior track record has been reviewed by Ashland Partners & Company, LLP and conforms to the portability requirements of the GIPS standards. On June 28, 2017, ACA Performance Services, LLC acquired the investment performance service business of Ashland Partners & Company, LLP. For periods after June 1, 2016, the composites consist of accounts managed by GQG pursuant to the strategy.

The US dollar is the currency used to express performance. Returns are presented net of management fees and include the reinvestment of all income. Net performance is calculated after the deduction of actual trading expenses and other administrative fees (custody, legal, administration, audit and organization fees). Net returns are calculated using the highest/model rack rate fee. Net performance is net of foreign withholding taxes. PAST PERFORMANCE MAY NOT BE INDICATIVE OF FUTURE RESULTS. Returns for periods greater than one year are annualized.

GQG Partners LLC is a wholly owned subsidiary of GQG Partners Inc., a Delaware corporation that is listed on the Australian Securities Exchange (ASX: GQG). GQG Partners LLC and its affiliates provide certain services to each other.

GQG Partners LLC is registered as an investment adviser with the US Securities and Exchange Commission. Please see its Form ADV Part 2, which is available upon request, for more information.

INFORMATION ABOUT CHANNEL CLASSIFICATIONS

Sub-advisory: Pooled funds where we provide investment advisory services on a delegated basis and the fund sponsor provides distribution services directly or through intermediaries. Wholesale: Pooled funds where we serve as primary investment adviser and arrange for distribution through third party intermediaries. INFORMATION ABOUT BENCHMARKS

MSCI benchmark returns have been obtained from MSCI, a non-affiliated third-party source. Neither MSCI nor any other party involved in or related to compiling, computing or creating the MSCI data makes any express or implied warranties or representations with respect to such data (or the results to be obtained by the use thereof), and all such parties hereby expressly disclaim all warranties of originality, accuracy, completeness, merchantability or fitness for a particular purpose with respect to any of such data. Without limiting the foregoing, in no event shall MSCI, any of its affiliates or any third party involved in or related to compiling, computing, or creating the data have any liability for any direct, indirect, special, punitive, consequential or any other damages (including lost profits) even if notified of the possibility of such damages.

Net total return indices reinvest dividends after the deduction of withholding taxes, using (for international indices) a tax rate applicable to nonresident institutional investors who do not benefit from double taxation treaties.

Information about benchmark indices is provided to allow you to compare it to the performance of GQG strategies. Investors often use these well-known and widely recognized indices as one way to gauge the investment performance of an investment manager's strategy compared to investment sectors that correspond to the strategy. However, GQG's investment strategies are actively managed and not intended to replicate the performance of the indices: the performance and volatility of GQG's investment strategies may differ materially from the performance and volatility of their benchmark indices, and their holdings will differ significantly from the securities that comprise the indices. You cannot invest directly in indices, which do not take into account trading commissions and costs.
